Memo to File:

On May 4, 1977, J.R. Rookstool talked to Brian Buck about the recent transaction between the parties involved in the Shootering Canyon operation. The major points of the discussion were:

- 1) On April 1, 1977, Plateau Resources Ltd. acquired all control of the Hydro-Jet properties in Utah.
- 2) The Hydro-Jet mill license was renewed to Hydro-Jet by NRC.
- 3) Plateau has completed negotiations and filing with the NRC preparatory to acquiring the Hydro-Jet Mill license.
- 4) Woodward-Clyde Consultants have been hired by Plateau to do the mill site investigations in the Shootering Canyon and Blanding areas.
- 5) J.R. Rookstool is now employed by Plateau in Grand Junction, Colorado. His new phone number is 245-4808.
- 6) Nuclear Assurance Corporation is now only involved as a consultant to Plateau in land acquisition and exploration.
